And more!

Program Summary

The Motorsport Management curriculum at Belmont Abbey College educates students to work in this highly complex environment with particular emphasis on the business, management, cultural and legal characteristics of the motorsport industry. In addition, students in the Motorsport Management curriculum integrate the skills and knowledge of the industry with the values of the College's liberal arts curriculum. This combination of specific knowledge of motorsport, coupled with the creative, ethical, and analytic emphasis of the liberal arts produces talented professionals in the field of motorsport management.

Beyond the Classroom

January 2018, the North Carolina Motorsport Association, formally recognized Belmont Abbey College with an award acknowledging their ability to place Motorsport Management graduates into the motorsport industry.
