Program Summary

The Sport Management curriculum at Belmont Abbey College educates students to work in this highly complex environment with particular emphasis on the business, management, and the cultural and legal characteristics of sport.

In addition, students in the sport management curriculum integrate the skills and knowledge of the industry with the values of the College's liberal arts curriculum. This combination of specific knowledge of sport, coupled with the creative, ethical, and analytic emphasis of the liberal arts produces talented professionals in the field of sport management.

Beyond the Classroom

Internships are required of sport management majors.

Interns in the past have worked with a variety of sport organizations including professional and college teams as well as marketing and community organizations.

Study Abroad?

Sport Management students are encouraged to seek study abroad opportunities. Previous opportunities have been a ten-day tour of Irish sport.
